OBJECTIVE:

I planing to work in IT sector and gain experience. Further also want to gain knowledge in startup and big MNC.

EDUCATION:

UPES Dehradun, India	August 2023 - Present
Bachelors of Technology in computer science	CGPA: 6.77/10.0
Specialization- Data Science	3rd semester SGPA - 6.54
Bright Career School, Purnia, Bihar (intermediate)	March 2022 - April 2023
CBSE Higher Secondary Certificate	Percentage: 60.4/100.0
Bright Career School, Purnia, Bihar (metric)	March 2020 - April 2021
CBSE Secondary School Certificate	Percentage: 78/100.0

EXPERIENCES:

Social internship (NGO based)	June 2024 – July 2024
Name of NGO - Creative educational and social welfare Organisation	Bihar, India

In this internship I learn about agriculture.I spent two months conducting an agriculture internship on a variety of different operations, learning hands-on crop management and soil analysis experience as well as sustainable farming techniques. How to use pesticides, utilize irrigation systems and maintain crop rotation for increased productivity. I also got hands on experience with working the different agriculture machinery and tools, furthering my understand of practical knowledge. This gave me an insight of the problems faced by farmers, be it souvenir change or abundance managing and why sustainable methods are proliferating for success in agriculture on along run basis.
